# Chapter 1

## Introduction

Hello World

Second hi

<https://medium.com/@delucmat/how-to-publish-bookdown-projects-with-github-actions-on-github-pages-6e6aecc7331e>

I need a `_book` directory:

The `.html` files (which were compiled from the `.Rmd` files) are all stored within the `_book` directory which basically serves as a static website.

## Chapter 2

# Literature

Here is a review of existing methods.

## Chapter 3

# Methods

We describe our methods in this chapter.
